

Course Syllabus

COURSE: VNSG 1334 Pediatrics
SEMESTER: Fall 2022
CLASS TIMES: Wednesday times vary (please see course schedule)
LAB TIMES: Included in class times if any
INSTRUCTOR: Kaitlyn Williams MSN, RN-BC
OFFICE: Reese Center, Building 8, Room 826-A
OFFICE HOURS: Wednesday 1:00-3:00, Thursday 8:30-11:30, Friday 9:00-11:00
 OR by appointment, confirmed by e-mail
OFFICE PHONE: 806-716-4683
E-MAIL: kwilliams@southplainscollege.edu
Facebook: <https://www.facebook.com/SouthPlainsCollegeVocationalNursing>

"South Plains College improves each student's life."

GENERAL COURSE INFORMATION

**It is the responsibility of each student to be familiar with the content and requirements listed in the course syllabus. **

COURSE DESCRIPTION

This course is a study of Pediatrics which is a study of childhood diseases, and childcare from infancy through adolescence. Pediatrics will focus on the care of the well and the ill child utilizing the nursing process.

STUDENT LEARNING OUTCOMES

At the completion of the semester students will:
1. Identify the different structures in pediatric patients versus adult patients
2. Be able to describe various childhood diseases
3. Be able to discuss the normal homeostasis of a pediatric patient and be able to recognize changes in this state

COURSE OBJECTIVES - Outline form (C-5, C-6, C-7, C-8, C-15, C-16, C-17, C-18, C-19, C-20) (F-1, F-2, F-7, F-8, F-9, F-10, F-11, F-12)

At the completion of this course the student will have:
<ul style="list-style-type: none"> • Assess the relationship of growth and nutrition as it relates to the health-illness continuum • Compare and contrast normal physiology of the body systems with that of a pathological state in a pediatric versus adult patient • Evaluate the effect of hospitalization, treatment modalities and chemotherapy of the pediatric patient to the adult patient • Identify the pertinent medical and surgical conditions of the child from birth through adolescence • Distinguish between communicable diseases common to children and the related preventative care • Recognize the uniqueness of the pediatric patient because of the physical, mental and emotional developmental processes • Have a basic understanding of pediatric immunizations/locations • Have a basic understanding of pediatric medication administration and weight-based dosages • Be able to describe how the heart functions differently in newborns • Become familiar with and have basic understanding of terminology used in text. • Be present and punctual for all classes with no more than 2 (two) absences.

EVALUATION METHODS

Computer-based exams, written exams, written assignments, and other projects as assigned.

ACADEMIC INTEGRITY

It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension.

Cheating - Dishonesty of any kind on examinations or on written assignments, illegal possession of examinations, the use of unauthorized notes during an examination, obtaining information during an examination from the textbook or from the examination paper of another student, assisting others to cheat, alteration of grade records, illegal entry or unauthorized presence in the office are examples of cheating. Complete honesty is required of the student in the presentation of all phases of coursework. This applies to quizzes of whatever length, as well as final examinations, to daily reports and to term papers.

Plagiarism - Offering the work of another as one's own, without proper acknowledgment, is plagiarism; therefore, any student who fails to give credit for quotations or essentially identical expression of material taken from books, encyclopedias, magazines and other reference works, or from themes, reports or other writings of a fellow student, is guilty of plagiarism.

VARIFICATION OF WORKPLACE COMPETENCIES

Vocational nurses are expected to know the body structure and childhood illnesses of pediatric patients

BLACKBOARD

Blackboard is an e-Education platform designed to enable educational innovations everywhere by connecting people and technology. This educational tool will be used in this course throughout the semester.

FACEBOOK

The Vocational Nursing Program has a Facebook page at <https://www.facebook.com/SouthPlainsCollegeVocationalNursingProgram> in addition to the South Plains College website. "Liking" the South Plains College Vocational Nursing Program Facebook page is not mandatory, nor are personal Facebook accounts, in order to access this page.

OTHER RECOMMENDED TEXTS

**Study Guide: Safe Maternity and Pediatric Nursing Care: Davis 2nd Ed.,
ISBN 978-0-8036-9736-2**

ADDITIONAL CLASSROOM ITEMS

Students should come to class prepared with pens, pencils, and a spiral notebook for taking notes, completing quizzes or assignments in class. Students should be prepared to take notes over lecture material if they choose. If PowerPoint outlines are posted on Blackboard, they must be printed prior to class. Class time will not be given for printing notes.

ATTENDANCE POLICY (*READ CAREFULLY)

Class Attendance

Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

Because of the fast pace of this course within the Vocational Nursing Program and as stated in the Vocational Nursing Student Handbook, make up work is not accepted in this course. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay reporting to a class after official enrollment, absences will be attributed to the student from the first-class meeting.

Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X" or "F" as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student's responsibility to be aware of that policy.

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate, and the student will owe any balance resulting from the adjustment.

(http://catalog.southplainscollege.edu/content.php?catoid=47&navoid=1229#Class_Attendance)

ATTENDANCE PHILOSOPHY: Research has proven that academic achievement for each student is enhanced when the student has regular and punctual attendance. In order to foster accountability, to match the work environment policies, and to foster learning and understanding, attendance is mandatory in the Vocational Nursing Program. Understanding that illnesses and unavoidable problems do arise, the VNP does allow for some absences within the program. Faculty do not inquire as to why a student is absent because the student is an adult learner. Faculty also do not make up classes or repeat lectures for students who miss a class; students who are absent should obtain missed information from a fellow classmate.

Additionally, one way a student demonstrates the nursing caring attitude is through timeliness and attendance.

4.1-A. CLASSROOM ATTENDANCE: Learning is fostered in the classroom environment. Missing even one lecture/class activity can negatively impact student performance; therefore, classroom attendance is mandatory, and students are accountable to attend and be on time for class.

Allowable absences in this class will be **two (2) absences**. Students should take an absence when they are truly ill (running fever, nausea/vomiting not due to pregnancy, diarrhea or some other communicable disease). A physician's release should be submitted when the student is treated by a physician.

Students who exceed the allowable absence no longer meet the course criteria and must withdraw.

Students should take an absence when they are truly ill (running fever, nausea/vomiting not due to pregnancy, diarrhea or some other communicable disease). A physician's release should be submitted when the student is treated by a physician.

Absences are recorded for the whole day if a class is scheduled for the whole day. If a student leaves before the end of the class period, the student is marked "absent" for the day. A student who misses the morning session may attend the

afternoon session to get the information, but the student is still marked as “absent” for the day. There are no “half-day” absences. If the student is asked to leave the classroom for any reason (sleeping, talking or other inappropriate behavior), the student is given an absence.

Attendance is most often taken by a sign in sheet. Students who “forget” to sign in are counted as absent.

As a matter of courtesy and professional behavior, a student who is going to be absent should email or call the course instructor and inform the instructor of the pending absence.

4.1-B. TARDINESS— It is disruptive to students who are on time for a tardy student to enter the classroom with books and backpacks. It also demonstrates a lack of caring and lack of respect for classmates for the tardy student to disrupt class.

* Students who are (1) tardy to the start of class or (2) tardy following a break or lunch are counted as tardy within the first 5 minutes of the class starting (after that, students are “absent”).

* Students who are tardy to class for an examination are not allowed to come into class once the exam has begun and are counted as absent. These students may come into class after the examination is over to hear the information, but the absence will remain.

* Two tardies count as one absence.

4.1-C. ATTENDANCE RECORDS: Because the student is an adult learner, each student should keep his/her own record of absence. Faculty is under NO obligation to inform a student of absences; the student will be notified when he/she no longer meets program objectives because of excessive absences and the student is being withdrawn. Should the student believe a discrepancy exists, the student should submit the notice in writing to the Program Director within 24 hours of notification.

Dropping a class

Students should submit a Student Initiated Drop Form online.

Students will not be required to obtain an instructor signature to drop, however, we do encourage students to communicate with instructors or advisors prior to dropping a course when they are able. There will be no charge for drops for the fall or spring semesters.

Withdrawing from all classes

If a student wishes to withdraw from all courses, they should initiate that process with the Advising Office. They can schedule an appointment with an advisor by visiting <http://www.southplainscollege.edu/admission-aid/advising/spcadvisors.php> or by calling 806-716-2366.

ASSIGNMENT POLICY

All assignments must be completed by the assigned due date. Late and/or incomplete work will not be accepted and a grade of zero will be recorded. Assignments, quizzes, exams, and skills that are missed due to an unexcused absence may not be made up. See the instructor for more specific information.

It is the responsibility of the student to be informed of class progress and assignments and to come to class prepared to participate in discussion, to turn in any assignments due, and/or take the quiz or test scheduled for that day. Reading any assigned material assists the student to listen to the lecture with a higher degree of acuity and to participate in class discussion more effectively. A student cannot expect to understand what is being said in class when s/he has had no previous contact with the ideas or terms related to a given topic.

Ticket to Class: Assignments will be posted on the class schedule. Tickets to class must be completed and due by their corresponding due date. Assignments must be fully completed with no blanks and answered completely in order to receive credit. This is an all or nothing assignment – you either get full credit or zero credit. No partial credit will be given.

Workbook: The workbook is designed to give learners of all styles the opportunity to enhance learning this material and all students should complete the workbook chapters as part of their ongoing study.

The handbooks that accompany the textbooks offer the students different learning styles or ways of comprehending information. Students struggling to understand the text should refer to these additional books. Students may also access the published website for additional help.

COMPUTER LAB USAGE

Computers are available in the labs at building 8 for student use.

EXAMS

Exams are a measurement of learning, and while they do not measure ALL learning, exams are the instruments used in the academic setting to measure learning. Because of the nature of this material and of nursing, ALL information in this course is important. Someday, the student in the role of the vocational nurse may be the only person to stand between the patient and harm or death. Therefore, the student is NOT merely studying to pass the exam but studying to intervene on the behalf of the patient.

Exams may cover information given during lectures, handouts, and assigned reading of the texts. At the completion of the course a *comprehensive* final examination will be given. Exams will be in the form of multiple choice, matching, select all that apply, and completion. Exams may be given in written format or on the computer.

Exams may be administered in a campus computer lab using ExamSoft and the lab must be reserved by the instructor in advance. Students are expected to arrive on time to exams and complete the exams within the time frame allowed as other classes may be booked behind our scheduled time and you will not be permitted to take your exam past the scheduled time unless arrangements are made in advance for extenuating circumstances. Due to the ever-changing COVID conditions it is possible that you may take exams on Exam Soft and have it proctored or on Blackboard with Proctorio. It is your responsibility to make sure that you have working computers with a web cam and a microphone and reliable internet.

In addition to the course unit exams, students may be required to take Exam Soft Benchmark Exams. Students will take 1 practice/mock exam, 1 open check benchmark exam and 2 benchmark proctored exams. The purpose of these exams is to evaluate the competency of the student's knowledge of critical concepts for entry into professional nursing.

The Benchmark Exams will be scheduled by your instructor and will possibly be scheduled outside of your regular course time. Please watch for these dates to be added to your schedule if they are not already present.

Following Benchmark 1 Exam, the student will have a remediation plan including CJ Sims and concepts maps. Then about 2 weeks later the student will take Benchmark 2. These two benchmarks give the student analytics to let them know what they are strong in and what they are weak in and compare them on a national level to their peers.

NO HATS OR CAPS ARE TO BE WORN DURING QUIZZES AND EXAMS. BOOKS, FOOD AND BACKPACKS ARE NOT TO BE IN THE ROOM DURING EXAMINATIONS.

1. Grades will be given to students during allotted class time.
2. Each student should know current course averages for all classes.
3. **Students must earn a "C" (75) or better in this class for progression.**
4. Students can review all grades as they are recorded. Should the student have any questions about a specific grade or specific test question, the student must discuss this with the instructor within 48 hours of notification of grade assignment. Once the 48 hours have passed without the student questioning the grade or question, **the assigned grade is final and may not be challenged at the end of the course. The final exam may not be reviewed.**
5. The Final Exam grade and a numerical course grade will be posted on BlackBoard. The final course grade will be posted to CampusConnect as the transcribed letter grade.
6. Once grades are posted, an exam is ready for review. When possible, exams will be made available for all

students to review at the end of a lecture (time permitting) but if that is not possible, a student may email me for an appointment to come by the office and review the exam.

Grades will not be given or discussed by email or phone.

MISSED EXAMS/MAKEUP WORK:

1. **NO make-up exams are given on this course. If you miss an exam, your final exam grade will replace the grade of the first missed exam. A second missed exam will result in a "0".**
2. **NO exams will be given prior to the originally scheduled exam.**

GRADING POLICY

Students must earn an overall grade of 75 or better in this course section to pass.

Final semester grades will be based on the following:

Unit Exams: 60%

Final Exam: 20%

Math Exams: 10%

Assignments 10%

Grading Scale: 90-100 A

80-89 B

75-79 C

Grades are not rounded up or down; i.e., 79.5 =79. The final course grade will not be rounded up. The student must earn a "C" in the course to pass.

COMMUNICATION POLICY

- Electronic communication between instructor and students in this course will utilize the South Plains College Blackboard and email systems. The instructor will not initiate communication using private email accounts. Students are encouraged to check SPC email on a regular basis. Students will also have access to assignments, web-links, handouts, and other vital material which will be delivered via Blackboard. Any student having difficulty accessing the Blackboard or their email should immediately contact the help desk.

Email Policy:

- A. Students are expected to read and, if needed, respond in a timely manner to college e-mails. It is suggested that students check college e-mail daily to avoid missing time-sensitive or important college messages. Students may forward college e-mails to alternate e-mail addresses; however, SPC will not be held responsible for e-mails forwarded to alternate addresses.
- B. A student's failure to receive or read official communications sent to the student's assigned e-mail address in a timely manner does not prevent the student from knowing and complying with the content of the official communication.
- C. The official college e-mail address assigned to students can be revoked if it is determined the student is utilizing it inappropriately. College e-mail must not be used to send offensive or disruptive messages nor to display messages that violate state or federal law
- D. Instructors make every attempt to respond to student emails during regular college business hours when faculty are on campus. Instructors are not required to answer emails after hours or on weekends.
- E. Students who use email inappropriately to faculty, students, staff or others will be placed on probation for the first offense; dismissed from the program for a second offense.

Texting Faculty: Students should not text faculty via the faculty cell phone. Written communication should be by email, office phone, or personal notes. The faculty cell phone is for contact during the clinical hours ONLY and should not be used outside the clinical experience. Students who text faculty will be placed on probation for the first offense and dismissed from the program for the second offense.

CAMPUS CARRY

Campus Concealed Carry - Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in South Plains College buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and South Plains College policy, license holders may not carry a concealed handgun in restricted locations. For a list of locations, please refer to the SPC policy at: (http://www.southplainscollege.edu/human_resources/policy_procedure/hhc.php) Pursuant to PC 46.035, the open carrying of handguns is prohibited on all South Plains College campuses. Report violations to the College Police Department at 806-716-2396 or 9-1-1.

PREGNANCY ACCOMMODATIONS STATEMENT

If you are pregnant, or have given birth within six months, under Title IX you have a right to reasonable accommodation to help continue your education. Students who wish to request accommodation must contact the Health and Wellness Center at 806-716-2529 to initiate the process.

COVID-19 INFORMATION (SUBJECT TO CHANGE)

If you are experiencing any of the following symptoms, please do not attend class and either seek medical attention or test for COVID-19.

- Cough, shortness of breath, difficulty breathing
- Fever or chills
- Muscles or body aches
- Vomiting or diarrhea
- New loss of taste and smell

Please also notify DeEtte Edens, BSN, RN, Associate Director of Health & Wellness, at dedens@southplainscollege.edu or 806-716-2376. Proof of a positive test is required. A home test is sufficient, but students must submit a photo of the positive result. The date of the test must be written on the test result and an ID included in the photo. If tested elsewhere (clinic, pharmacy, etc.), please submit a copy of the doctor's note or email notification. Results may be emailed to DeEtte Edens, BSN, RN at dedens@southplainscollege.edu.

A student is clear to return to class without further assessment from DeEtte Edens, BSN, RN if they have completed the 5-day isolation period, symptoms have improved, and they are without fever for 24 hours without the use of fever-reducing medication.

Students must communicate with DeEtte Edens, BSN, RN prior to their return date if still symptomatic at the end of the 5-day isolation.

IN CASE OF EMERGENCY

Please contact Jennifer Steffey at 806-716-4623.

The student should notify his/her family that in case of an emergency during normal class schedule. Class will not be interrupted unless it is an emergency, so they must identify themselves and say it is an emergency to get immediate action.

The student should notify his/her family that in the case of an emergency during clinical rotations, they should call and leave a message or text (who they are and who they need to get in touch with for an emergency) to the number or numbers provided to them in the clinical course syllabus and/or on the clinical course schedule.

STUDENT CONDUCT

Rules and regulations relating to the students at South Plains College are made with the view of protecting the best interests of the individual, the general welfare of the entire student body and the educational objectives of the college.

As in any segment of society, a college community must be guided by standards that are stringent enough to prevent disorder, yet moderate enough to provide an atmosphere conducive to intellectual and personal development. A high standard of conduct is expected of all students. When a student enrolls at South Plains College, it is assumed that the student accepts the obligations of performance and behavior imposed by the college relevant to its lawful missions, processes and functions. Obedience to the law, respect for properly constituted authority, personal honor, integrity and common sense guide the actions of each member of the college community both in and out of the classroom. Students are subject to federal, state and local laws, as well as South Plains College rules and regulations. A student is not entitled to greater immunities or privileges before the law than those enjoyed by other citizens. Students are subject to such reasonable disciplinary action as the administration of the college may consider appropriate, including suspension and expulsion in appropriate cases for breach of federal, state or local laws, or college rules and regulations. This principle extends to conduct off-campus which is likely to have adverse effects on the college or on the educational process which identifies the offender as an unfit associate for fellow students. Any student who fails to perform according to expected standards may be asked to withdraw. Rules and regulations regarding student conduct appear in the current Student Guide.

SPECIAL REQUIREMENTS (*Read Carefully)

- Students must present the signature page acknowledging that the student has read and understands the content of this syllabus.
- **These signature pages are due by Friday of the first week of classes.**
 - **Cell Phones – ATTENTION: ALL CELL PHONES SHOULD BE KEPT IN LOCKERS OR IN YOUR CAR DURING CLASS TIME!**
 - *If a student's cell phone goes off during lecture, the phone will be taken up and not given back until after class.*
 - *Should a cell phone go off during an exam, that student's test will end right there with a "50" recorded as the highest possible grade for this exam grade. (Even if the student is on the last question of that exam).*

COURSE DISCLAIMER

To Be Successful in this course: *Because this information is VITAL to becoming a safe and effective vocational nurse, the student MUST commit to learning this information as thoroughly as possible. The BEST way to do this is through diligent DAILY study and weekly review!*

H. **STUDENT SUCCESS: Repetition and study are the ONLY WAYS for students to retain the volume of information contained in this course! You MUST study outside of the classroom if you want to succeed.**

Textbook: This textbook is designed for independent learning and contains many activities to help you learn! The Key terms and definitions are the best places to start. Students should make flash cards of these key terms and carry them around for quick study and review. At the end of each chapter there are review questions with which you can test yourself.

RECOMMENDATIONS ON HOW TO STUDY:

- **COMMIT** to your career choice—which means committing to this class. Decide you **WANT** to learn this information and you will.
- Study at least an hour every day! Do not wait until the night before or the morning for an exam and expect to learn all the information presented! Daily study helps you understand and place information in long-term memory.
- Read the chapters prior to class—don't let the lecture be the first time you become acquainted with the information. If you do this, it is like hearing a foreign language and you are already behind.
- Plan weekly reviews of old material. Set aside some time (maybe on a Saturday) and quickly go through your old notes from previous units—remember there will be a comprehensive final. Remember, you must know the body parts and how they work if you are a nurse!
- Take **NOTES** in class!
- The first time you have less than a desirable grade, make an appointment with me to discuss what you are doing! Don't wait until it's almost the final—it's too late then!

If you FAIL this class, it is because you *chose* to fail!
You choose your attitude. . . . *positive or negative!*
You choose to study daily. . . . *or wait until the last minute!*
You choose to read the chapters. . . . *or to wait and try to skim after class or before a test!*
You choose to use the available resources . . . *or not!*
You choose to attend class and arrive on time. . . . *or not!*
You choose to review weekly *or not!*
You choose to seek help. . . .*or not!*
It really is up to you!

ACCOMMODATIONS

DIVERSITY STATEMENT

In this class, the teacher will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

DISABILITIES STATEMENT

Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodation must provide acceptable documentation of his/her disability to the Disability Services Office. For more information, call or visit the Disability Services Office at Levelland Student Health & Wellness Center 806-716-2577, Reese Center (also covers ATC) Building 8: 806-716-4675, Plainview Center Main Office: 806-716-4302 or 806-296-9611, or the Health and Wellness main number at 806-716-2529.

FOUNDATION SKILLS

BASIC SKILLS—Reads, Writes, Performs Arithmetic and Mathematical Operations, Listens and Speaks

- F-1 Reading—locates, understands, and interprets written information in prose and in documents such as manuals, graphs, and schedules.
- F-2 Writing—communicates thoughts, ideas, information and messages in writing and creates documents such as letters, directions, manuals, reports, graphs, and flow charts.
- F-3 Arithmetic—performs basic computations; uses basic numerical concepts such as whole numbers, etc.
- F-4 Mathematics—approaches practical problems by choosing appropriately from a variety of mathematical techniques.
- F-5 Listening—receives, attends to, interprets, and responds to verbal messages and other cues.
- F-6 Speaking—organizes ideas and communicates orally.

THINKING SKILLS—Thinks Creatively, Makes Decisions, Solves Problems, Visualizes and Knows How to Learn and Reason

- F-7 Creative Thinking—generates new ideas.
- F-8 Decision-Making—specifies goals and constraints, generates alternatives, considers risks, evaluates and chooses the best alternative.
- F-9 Problem Solving—recognizes problems, devises and implements plan of action.
- F-10 Seeing Things in the Mind’s Eye—organizes and processes symbols, pictures, graphs, objects, and other information.
- F-11 Knowing How to Learn—uses efficient learning techniques to acquire and apply new knowledge and skills.

F-12 Reasoning—discovers a rule or principle underlying the relationship between two or more objects and applies it when solving a problem.

PERSONAL QUALITIES—Displays Responsibility, Self-Esteem, Sociability, Self-Management, Integrity and Honesty

F-13 Responsibility—exerts a high level of effort and perseveres towards goal attainment.

F-14 Self-Esteem—believes in own self-worth and maintains a positive view of self.

F-15 Sociability—demonstrates understanding, friendliness, adaptability, empathy and politeness in group settings.

F-16 Self-Management—assesses self accurately, sets personal goals, monitors progress and exhibits self-control.

F-17 Integrity/Honesty—chooses ethical courses of action.

SCANS COMPETENCIES

C-1 **TIME** - Selects goal - relevant activities, ranks them, allocates time, prepares and follows schedules.

C-2 **MONEY** - Uses or prepares budgets, makes forecasts, keeps records and adjusts to meet objectives.

C-3 **MATERIALS AND FACILITIES** - Acquires, stores, allocates, and uses materials or space efficiently.

C-4 **HUMAN RESOURCES** - Assesses skills and distributes work, accordingly, evaluates performance and provides feedback.

INFORMATION - Acquires and Uses Information

C-5 Acquires and evaluates information.

C-6 Organizes and maintains information.

C-7 Interprets and communicates information.

C-8 Uses computers to process information.

INTERPERSONAL—Works with Others

C-9 Participates as a member of a team and contributes to group effort.

C-10 Teaches others new skills.

C-11 Serves Clients/Customers—works to satisfy customer’s expectations.

C-12 Exercises Leadership—communicates ideas to justify position, persuades and convinces others, responsibly challenges existing procedures and policies.

C-13 Negotiates—works toward agreements involving exchanges of resources; resolves divergent interests.

C-14 Works with Diversity—works well with men and women from diverse backgrounds.

SYSTEMS—Understands Complex Interrelationships

C-15 Understands Systems—knows how social, organizational, and technological systems work and operate effectively with them.

C-16 Monitors and Corrects Performance—distinguishes trends, predicts impacts on system operations, diagnoses systems performance and corrects malfunctions.

C-17 Improves or Designs Systems—suggests modifications to existing systems and develops new or alternative systems to improve performance.

TECHNOLOGY—Works with a Variety of Technologies

C-18 Selects Technology—chooses procedures, tools, or equipment, including computers and related technologies.

C-19 Applies Technology to Task—understands overall intent and proper procedures for setup and operation of equipment.

C-20 Maintains and Troubleshoots Equipment—prevents, identifies, or solves problems with equipment, including computers and other technologies.

Course Schedule
